

# **Furtwänglerplatz, 1130 Vienna, park landscaping in cooperation with children as playground planning experts**

Volker Dienst awarded PlanSinn the mandate for converting Furtwänglerplatz into a close-to-nature playground. Local children and adults were consulted and involved in the planning process from the very outset.

In cooperation with Spiellandschaft NÖ, PlanSinn organised a three-day play research workshop for children and three information and discussion events for adults from the neighbourhood. The draft and detailed designs were developed in close cooperation with Vienna's Parks and Gardens Department and the district authorities. Construction work started in the spring of 2002.

**2000 - 2003**
